BRAVE BABY BOY FOUND

Toddled Through Wilderness For Forty Hours.

LEGS TORN AND BLEEDING

Sturdy Little Fellow Was Missing Ever Since Saturday Night, and Despite the Hardships Gone Through, Prattled When Discovered.

Caldwell, Ida., June 18.—Toddling along in the wilderness among towering sage brush, his throat parched thirst for forty hours, his sturdy little legs torn and bleeding from briar thorns, the nineteen months old boy of Lawrence Marsh, residing near here, was found Tuesday alive and prattling to himself after a search which began with the child's disappearance on Saturday night, in which posse of several hundred men was employed. When the little fellow was found, despite the hardships he had undergone, he was in good spirits, and laughed when those finding him came to his rescue. There was tremendous excitement, many being under the impression the child had been kidnapped. His parents were frantic with grief.

WRITHE ON FLOOR.

Leap In the Air, Chatter and Do Other Acts.

Chicago, June 18.—A dispatch to the Tribune from Des Moines, Ia., says: Mrs. Scott M. Ladd, wife of Justice Ladd of Iowa supreme court was arrested here for disturbing the peace at the peculiar religious services over which she presides.

At the religious services which Mrs. Ladd has been conducting the devotees writhe upon the floor like epileptics, leap into the air, chatter, scream, gnash their teeth and beat themselves over the head.

Staid religious circles of Des Moines have been profoundly shocked by the revelations concerning this peculiar religion.

TISDEL HAS RESIGNED.

Had One of the Best Paying Positions in Territory.

Muskogee, June 18.—Clark J. Tisdell, master in chancery for the Western district, has resigned. His job was on the fee system and one of the best paying positions in the Indian Territory. It is understood that the resignation comes as a result of the charges preferred by W. A. Chase a lawyer, of Nowata, who alleged that Tisdell represented clients in oil lease sales which were made in Tisdell's court as master in chancery.

Tisdell, it is said, was told by the department of justice that he would either have to give up practicing or the master's job, and he choose the latter.

SENTENCES IMPOSED.

Penitentiary Sentences Are For Subornation of Perjury.

Moscow, Ida., June 18.—Sentences were imposed on defendants in the north Idaho land fraud cases. William Dwyer was given eighteen months in the penitentiary, with \$100 fine, and also sentence of eight months in the county jail. Penitentiary sentence is for subornation of perjury. C. W. Robnett was sentenced to eight months in the penitentiary for subornation of perjury and a fine of \$100. William F. Kettenbach president, and George Kessler, cashier of the Lewiston National Bank of Lewiston, were each sentenced to eight months in the county jail and to pay a fine of \$1,000 each. Z. E. Kessler, Kettenbach and Dwyer were sentenced on conviction of conspiracy to defraud the government out of Idaho timber lands.

BRISK FIGHTING.

Japanese Troops Are Gradually Forcing Back the Formosans.

Victoria, B. C., June 18.—Advices from Formosa by the steamer Moneagle tell of a brisk fighting between the Japanese and Formosan natives. The Japanese organized drives with the daily extended line, gradually forcing back the natives, who hold three-fifths of Formosa and number 100,000. After a month's guerilla warfare, in which numerous campworkers were killed, 5,000 Japanese troops were sent systematically to drive the natives into submission.

OVERCOME BY HEAT.

Three Deaths and a Number of Prostrations at Chicago.

Chicago, June 18.—Three deaths and many prostrations because of the heat was reported to the police by 10 o'clock Tuesday. The mercury at that hour was 97 degrees, which was one degree higher than at the same hour Monday.

Mexican Veteran Gone.

Denison, June 18.—Thomas Roe, a Mexican and Civil war veteran is dead, aged ninety years.

CONTINUES HIS TRIAL.

Case Against Harry Orchard Is Continued.

ACTION TAKEN ON MONDAY

Man Who Confesses to Having Put to Death Eighteen of His Fellow Beings Not to Come Up Until Three Other Cases Are Disposed Of.

Caldwell, Ida., June 18.—Harry Orchard, the confessed murderer of former Governor Steunenberg and eighteen other men, was brought Monday to the scene of the crime which finally landed him within the clutches of the law and taken before Judge Wood at the county courthouse. The Haywood case at Boise was adjourned over to enable Judge Wood to come to Caldwell and enter an order formally adjourning Orchard's trial for the present term of court.

The proceedings began at 11 a. m. The prisoner was attired in a new

JUDGE FREMONT WOOD.

brown suit and attracted considerable attention. The local attorney, Mr. Cox, who has been the attorney of record for Orchard in this county, was relieved from further duty by Judge Wood, and with the consent of the prisoner, Frank T. Wyman, a Boise attorney, was appointed in his place.

"I presume you desire a continuance?" said Judge Wood to the prisoner.

"Yes, sir, if it pleases your honor," replied Orchard, who, until the formal appointment of Mr. Wyman, was without a legal advisor in the court room.

The date of Orchard's trial will not be made until the cases against Haywood, Moyer and Pettibone at Boise are disposed of. Orchard was taken back to the penitentiary at Boise.

DERRICK OVERBALANCED.

Score of Men at Work Went Into Water of Creek.

Chattanooga, June 19.—A special to the Times from South Pittsburg, Tenn., says: Early Monday while the Phoenix Bridge company, who are building the bridge over Battle Creek for the Stevenson extension of the Southern railway was swinging a massive iron girder into place, the boom got too low, causing the derrick to get over balanced and fall. It brought down with it the unplaced iron and part of the completed structure. A score of men were at work on the bridge at the time and were precipitated into the water of the creek. The dead: Kulmer Hill, died after reaching Chattanooga.

Fatally injured: C. W. Potter, foreman, skull fractured; cannot recover; Ike Wilson, negro, concussion of the brain, will die.

SPEAKS AT GUTHRIE.

Bryce Regrets He Cannot Touch Upon Certain Matters.

Guthrie, June 18.—In an address here before a mass meeting of Guthrie citizens, Ambassador James Bryce said he regretted greatly the condition of affairs that prevented him from telling the people of Oklahoma which of the experiments incorporated within the proposed Oklahoma state constitution had proven successes in other places where attempted, and which had proven failures. His position, he said, would prevent him from entering into a constitutional, political argument. He solicited, however, the verbal and written expressions of Oklahomans versed in the proposed constitution regarding its most important and also objectionable clauses. During his remarks Mr. Bryce advocated the creation of state parks and preserves for the enjoyment of the people of the state.

plomas.

Prof. Lawson's work in teaching
began in the country schools in
Tennessee, included grade work in
the Knoxville schools, and the
principals in schools in Tennes-
see and North Carolina. He was
then elected superintendent of the
city schools of Rockwood, Tenn.,
and later made superintendent of
the city schools of Pulaski, Tenn.,
which position he held when elected
to the superintendency of the
Bryan city schools. He has been
for seven years a state institute in-
structor in Tennessee. His pupils

Prof. Lawson is now at Clarks-

EIGHTEEN INJURED.

Among the Three Fatally Hurt
Is Eort Worth Lady.

Trinidad, Colo., June 18.—Eighteen
persons were injured, three fatally, in
a wreck of eastbound passenger train
No. 8 on the Santa Fe near Earl,
twenty miles east of here. Fatally in-
jured:

Mrs. F. W. Nichols, Fort Worth.
F. M. Jones, Pueblo.
F. Royava, Trinidad, Colo.

Fifteen others were more or less cut
and bruised, but not seriously. The
wreck was caused either by a defective
brake beam or spreading of the rails.
The baggage car, smoking car, chair
car, two tourists and one standard
Pullman car left the rails. The
smoker and baggage car were demol-
ished and the others badly damaged.

ENTIRELY SUBSIDED.

Well Organized Effort Being Made to
Locate Missing Boy.

New Orleans, June 17.—The Italian
disorders and threats of lynching in
New Orleans have entirely subsided. A
secret and well organized effort to
trace the kidnapped Lamona boy by
the regular detective force has taken
the place of the blustering search of
private houses by unauthorized crowds
and the rushing of special trains with
armed deputies aboard to towns sus-
pected of harboring the kidnapper. All
of which characterized last week's
search and made part of it a useless
display. Wholesale arrests of Italians
have stopped.

SOME BODIES FOUND.

Sea Has Given Back a Few of
Those Who Perished.

Newport News, Va., June 18.—Clad
in full naval uniforms and with faces
and hands fearfully mutilated, the
bodies of Midshipmen P. H. Field of
Virginia, class 1906; W. H. Steven-
son, North Carolina, class 1906; and
F. P. Holcomb of Delaware, class of
1907 were found in Chesapeake bay.
The bodies after being examined and
identified were taken by the naval
tug Potomac to the naval hospital at
Portsmouth.

Monday morning a fisherman off
Ocean View discovered a floating body
of a midshipman and turned it over to
one of the numerous launches which
had been scouring that bay ever since
Captain Mann of the Norfolk and
Washington steamer Washington re-
ported to Admiral Emory that he had
sighted a corpse off the Thimble-
lightship. The body was mangled and
bruised and the face and hands had
nearly been eaten away, but it was
identified as that of Midshipman Hol-
comb by the clothing and a watch.

Several hours later the Potomac
picked up the bodies of Midshipmen
Stevenson and Field. These did not
seem to be bruised, but the hands and
faces were considerably disfigured.
The bodies were taken to the battle-
ship Minnesota for identification.

The one discovered in the dawn
was that of Fireman G. W. Westfall.
The bodies of three midshipmen and
four seamen are still missing and
launches and tugs are searching the
lower bay and roads for them.

The fact that the bodies found had
drifted ten or twelve miles from the
scene of the tragedy gives rise to a
fear that all of them will never be
found.

Heart Strength

Heart strength, or Heart Weakness, means Nervous Strength, or Nervous Weakness—nothing more. Actually, not one weak heart in a hundred is in itself actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more control, more governing strength. Without this the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—the popular prescription—is also directed by these weak and wasting nerve centers. It builds: it strengthens; it cures real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Large Life Insurance Companies to Leave Texas.

Dallas, June 18.—Following a conference at New York between representatives of the non-resident life insurance companies doing business in Texas, Maurice F. Egan, president of the American Life Insurance Company, announced today that the company has decided to withdraw from Texas on July 12. Egan said that the company has already notified its attorney for points of withdrawal from the state. Some of the other companies have already withdrawn from Texas. Some of them have turned their records to the state, and have received office fixtures and sub-

scriptions. The reason for this action is the probability of the companies to be withdrawn from Texas, which is known as the "Texas bill," passed at the last session of the legislature, which will go into effect July 12. This bill requires companies doing business in Texas to deposit 75 per cent of the reserves on Texas business in state depositories. It also requires a tax of 1 per cent on gross premiums collected.

Many people fear that the effect of this withdrawal will mean a financial contraction, and an enormous loss to Texas. On Jan. 1 there were over thirty foreign companies with permits to do business in Texas. While all of them are not direct investors, their funds are so invested as to foster enterprises which make the state great.

In statements issued by the representatives and agents of the companies yesterday it was declared in most instances that policies now held in Texas will not be impaired. Premiums will be payable in most cases at the home office of the company.

The following companies have issued statements: Washington Life, Mutual Life of New York, New York Life, Northwestern Mutual, Equitable Life, Penn Mutual, Manhattan Life, Massachusetts Life and Home Life.

FORAKER'S STATEMENT.

Says Inquiry Fails to Show Any Soldiers Took Part.

Washington, June 18.—Senator Foraker gave out a written statement summing up the testimony taken by the senate committee on military affairs on the Brownsville inquiry and declaring that it fails to show that any soldiers took part in the affair. The statement which the senator says he made as a "plain duty to the truth as well as to the accused soldiers," and because he is "more familiar with the testimony than anybody else," is an answer to a published statement that the testimony conclusively showed the soldiers of the Twenty-fifth battalion did the shooting.

Mr. Foraker says: "The testimony given by the soldiers in their own behalf is not, in my opinion, shaken by the testimony given by the citizens of Brownsville. That testimony, in the first place, is but a repetition of what was first taken by the citizens committee and afterwards more elaborately re-taken by Mr. Purdy. No important item could not distinguish one of his officers, who were all white men, from one of the enlisted men, who were all colored, at a distance of ten feet, nor could he, at that distance, tell anything about how a man was dressed.

"All these officers have testified that the claims of the citizens who testified that they saw the raiders and recognized them as soldiers, at the distances and under the circumstances stated by them, are utterly impossible. These officers are intelligent, high minded honorable men. At one time, when the case was only partially investigated, they were of the opinion, and frankly stated it, that their men were guilty, but that fact only strengthened their testimony, as they now give it, that the testimony of the citizens, by which they claim to identify the soldiers, is utterly unreliable, untrustworthy and by them unbelievable.

"I do not know whether any more testimony will be taken, and of course do not know if any should be taken, just what it will be, and I can not, therefore, with propriety, predict ultimate results, but I have no hesitation in saying that the testimony taken down to this time utterly fails, in my opinion, to show that the soldiers or any of them, had anything whatever to do with the shooting up of Brownsville.

"I shall take occasion when I speak at Wilberforce, next Thursday, to deal with this subject at some length."

SAVED BY SISTER.

Quickwitted Little Girl Cathes Younger One.

Chicago, June 18.—Falling from a fourth floor porch, two year old Vera Moose escaped without a scratch because here vigilant eight year old sister, Gladys, at the risk of her own life, rushed beneath the falling child and caught here in her arms.

"I caught her just like a basket ball," Gladys calmly explained after she had picked herself up unhurt from the ground on which she and the rescued baby had rolled. Gladys' attention was attracted by the scream of a woman who lives in the third flat. She was on her back porch and saw the child fall from the top of the railing fifty feet to the back yard where Gladys was playing. Mrs. Moose also saw her child topple off. Supposing it meant instant death, she started to go down stairs. On the way she swooned and fell headlong down one flight, suffering slight bruises and a severe nervous shock.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.
